DETAILED ACTION

Allowable Subject Matter

Claims 2-13 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claim 2 & 11, while prior art does teach the rest of the material in the claims, it does not teach said plurality of interconnection assembly parts being electrically connected to each other.

Claims 3-10, 12 & 13 are dependent upon the above claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. US 4309634, US 5900687 & JP 9-215248
